**Best Equipment in the Industry**  
**FREE PLACEMENT !**

**We Can Turn your Smart  
Phone into a Mobile  
Credit Card Terminal!!!!**

**Best Service in the Industry !**

## **LOW RATE & FEE WARRANTY**

AmeriBanc National feels strongly that you will be satisfied with our Superior Service commitment as well as receiving Next Generation EMV Terminals on a FREE placement to use in your business as our customer. We also want to extend that confidence to the pricing structure of our Discount Rate AND our Transaction Fees so that you will have our assurance of a decreased bill with us. If at ANY TIME in the next 30 days, you receive a quote from a competitor that is lower than our Discount Rate or Transaction Fee that we will either match that fee structure or release you from your agreement with our company with no cancellation fee. Simply fax your quote to the Warranty Hotline below with a copy of this Warranty Letter and we will follow up with you to ensure that your rates and fees are the best possible for your company.

\*Competitor Quotes must be on their corporate letterhead and represent an official processing quote made in good faith specifically for your business. Contact information needs to be included as AmeriBanc reserves the right to contact originator of quote directly for verification procedures.
