

CrossCheck Conversion PlusSM

Introducing patent pending check processing technology that makes accepting a check as simple as accepting a credit card—CrossCheck Conversion Plus. This innovative service from CrossCheck lets you authorize your customer's check quickly and easily. With no trips to the bank, funds are automatically deposited into your merchant account. What's more, exclusive guarantee features and business check acceptance are available with this service.

Please see service agreement for complete program details.

Simplified Check Acceptance With a Guarantee

Easy For You And Your Customers!

CrossCheck Conversion Plus is the answer for automated check acceptance at the point-of-sale. Our conversion service offers your customers a favorite way to pay but eases check handling and deposits for you. With each authorized check, funds are electronically processed and deposited into your merchant account—that means fewer trips to the bank, reduced bank fees, and much less paperwork. Checks processed through CrossCheck Conversion Plus are also guaranteed, which helps you reduce risk and improve cash flow.

Say Yes To Business Checks

CrossCheck Conversion Plus features state-of-the-art technology for conversion of business checks. Most conversion solutions do not offer this important feature.

CrossCheck Conversion Plus Offers

- 24/7 transaction reporting via the Internet
- Wider acceptance of checks with fewer administrative returns
- Program compatibility with several types of terminals and printers (Please ask your representative about specific equipment requirements.)
- Additional coverage available with our Disputed Stop Payment premium
- Conversion of business checks

CrossCheck's innovative conversion service brings technology and efficiency to check processing - quickly, easily and affordably.
